

# THE NEW STEIGER® TRACTORS. MORE POWER. LESS FUEL. NO COMPROMISE.

Our latest Steiger series of tractors include ten brand new models for 2011, ranging from 390 to 670 maximum engine horsepower. Although they offer more power, independent tests have confirmed they use less fuel\* - making them part of the most efficient line up of tractors ever built by Case IH.

**WE CALL IT EFFICIENT POWER EP.**

\*Based on Steiger 450 and 600 preliminary Nebraska test December 2010

**BE READY.**
